To

The Senior Surgeon and Sanitary Commr.
Mysore Government

Sir,

I have the honor to draw your attention to the fact that the Hospital Apistant who is attached to the Chemical Examiners Establishment receives his allowance from the Chemical Examiner and not from Government. Both yourself and Dr. Honeton when in Charge of the office drew the attention of Government to this fact, and expressed it as your opinion that the Hospl. apistant should form part of the Chemical Examiner's Establishment and his salary paid by Government.

In the Course of a Conversation I had with the Dewan some short time back I explained to him how matters stood and he said that if I made a representation through you he would arrange that the Hospital Apistant be paid by Government and the Chemical Examiner thereby relieved of that Charge.

Hospital apistant Sabapathy Pillay has been acting as the apistant for upwards of 20 years, and I am of opinion that he should be granted an allowance of 20 or 25 Rupees per mensem.

I beg you will, should this meet with your approval, forward it to Government with your support and obtain the necessary sanction.

From Surgeon T. J. McGann
Chemical Examiner of
Mysore.

To,
Deputy Surgeon General
Indian Medical Dept.
Mysore & Coorg
Districts.
Bangalore.

Sir,

I have the honor to represent-
with a request that you will be
pleased to lay before the Chief
Commissioner the following cir-
-cumstances connected with the duties
and emoluments of the Chemical
Examiner to the Mysore Administration.

The duties as you are aware,
are of a responsible and anxious
nature, and that they are also onerous
and laborious; the following memo
of work done for the past year (1876)
will I trust satisfactorily prove-

No. of Cases	65.
Total No. of articles Examined	213.
No. articles in which poison was detected	49.
Samples of portable waters	8.
Wine and Spirits	2.
Drugs & Medicines	3.

Samples of Foods ——————— 12.
Cases involving Exam^{n} of Bloodstains 5.

The Chemical Examiner has no assistance whatever skilled or otherwise or even menial provided for him, and for such as he has required hitherto and which is considerable, including office work unpacking and the ultimate disposal of articles such as burying stomachs $^{\&c}_{\&c}$, repacking of other substances for return washing and cleansing glasses and apparatus sweeping $^{\&c}_{\&c}$, he has himself been obliged to pay out of his allowance of Rs 100 a month.

This I think could never have been intended by Government when the stipend was originally fixed, and I beg respectfully submit that if there was only one case a month some assistance should be provided and I at the same time also very respectively submit that the present salary attached to the office is inadequate viz Rs 100 per mensem.

I therefore beg should you deem my report just and reasonable that you will be so good as to place the matter before the Chief Commissioner, and recommend that the allowance of the Chemical Examiner be increased to Rs 150 a month, and in addition a sum of Rs 25 a month sanctioned for assistance.

Surgeon Major Moulton who has performed the duties of the office for the past seven years, will I think bear me out in the above.
